# Town Tours & Village Walks

*Agricultural Heritage of Chester County*

SUMMER 2023

Town Tours & Village Walks is a series of free summer strolls through historic neighborhoods, hamlets, villages, and sites to learn about their role in the agricultural heritage of Chester County, both in the past and today!

Each tour is designed to inform, entertain, and increase awareness of Chester County's rich heritage and historic landscape. A number of our sites offer a good selection of restaurants and shops to enjoy after your tour.

This summer you can explore Chester County's heritage on Thursday evenings, June 8th–August 17th.

### Kickoff celebration

The kickoff celebration will be June 8th at the West Chester United Methodist Church, followed by a tour.

### Tour times

Tours generally last 50 minutes and begin at 5:30 pm with the last tour leaving at 7:00 pm, except for the August 3rd bus tour that requires advance registration, and the August 17th tour that begins with a lecture at 6:00 pm.

### Our history

Founded in 1682 by William Penn, Chester County enjoyed fertile soil, moderate climate, abundant natural resources, and access to nearby markets. Here the early settlers quickly realized the quality of the rich soils and the abundant creeks, tributaries and their considerable slope, could power numerous mills which became the early centers of trade. Slowly trails were formalized into dirt roads leading to Philadelphia and vital market and cultural centers. These roads also connected trade centers located at mills and furnaces as well as cultural and social destinations of taverns and sacred places. The names of the majority of roads throughout the county still reflect their original destination of an early business, meetinghouse or tavern. Crucial to economic vitality, villages developed starting in the late 18th century, at the crossroads of early roads and destinations. As technology spurred innovation in the 19th century, canal, railroad and industrial villages grew into towns. By the early 19th century, our boroughs and the City of Coatesville were well on their way to becoming the cultural and economic centers we know today.

Plans are underway to celebrate the nation's 250th anniversary in 2026!

**1** JUNE 8 THURSDAY 5:30 kickoff, followed by tour  
**West Chester Kickoff Celebration: From Colonial Farms to Neighborhoods and Agri-Businesses**

The annual kickoff celebration starts at the West Chester United Methodist Church, 129 S. High St. (corner of High & Barnard). As West Chester developed around the Turk's Head Inn the landscape was dotted with Quaker farms. Remnants of those farms and the agri-businesses that followed can still be seen today. The celebration will be followed by a tour that will focus on the borough's southeast quadrant with the McClellan's "Whigs Welcome Farm" and the adjoining Sharples Homestead. Walk today's neighborhoods and learn about people, architecture, and the many agri-businesses that developed here. They included ESCO, United Dairy, Yearsley's, and the Fruit Growers, to name only a few. If we are lucky, we may even see a "mechanical cow." Sponsor: West Chester HARB & Historical Commission.

**Parking & Registration**

Parking is available at the Bicentennial Garage, 29 S. High St., one block north of the church, and there is limited metered parking in the lot next to the church. There is also street parking. The doors open at 5:00 to register for a tour. The kickoff starts at 5:30, and is immediately followed by the tour.

**2** JUNE 15 THURSDAY first tour 5:30, last tour 7:00  
**Westtown School, Westtown Township**

Join us for a tour of Westtown School as we discuss the agricultural history of Westtown Township's longest operating school. Learn about the original farm structures and see how the ones that remain have been repurposed. As farming operations at the school date back to the late 1700s, we will explore the long tradition of student involvement in farming over the years, one which continues to this day! Sponsor: Westtown Township Historical Commission.

**Parking & Registration:** Enter at the south entrance, 999 Westtown Rd., West Chester. Park in the grass lot on your right immediately after the pedestrian crossing sign. The tour will begin at the farmhouse.

In fact it was still being used as a crop field in 1998 before it was purchased. Sponsor: Paoli Battlefield Preservation Fund.

At least seven generations of the family have farmed several parcels in the southwestern corner of the township, and several generations continue the tradition. Although the farm draws most of its revenue from products other than food, there is still a cattle herd, fruit orchards, and cornfields. Visitors on this tour will board farm wagons to see the new and traditional farming. Sponsor: East Pikeland Township Historical Commission.

**Historic Yellow Springs: Barns Repurposed**

Until the mid-20th century, the most important building on nearly every Chester County property was the barn. It was the engine driving the agrarian household. As the county became more suburban and farms declined, barns were repurposed. The village of Yellow Springs is home to two such barns from the 18th and 19th centuries. Built to store grains and animals, they were adapted to become theaters, fine arts, and movie production studios. Author and barn historian Gregory D. Huber will present a history of Chester County barns and how they evolved. Tours of the barns will follow. Sponsor: Historic Yellow Springs & W. Pikeland Township.

**Parking & Registration**

1701 Art School Rd., Chester Springs. Follow signs to park at the Chester Springs Library. Doors open at 5:00. Lecture at 6:00. Tours immediately follow.
